SUMMARY

I am an enthusiastic and adaptable final year B.Tech student in Electronics and Communication Engineering (ECE) with basic programming knowledge in C, C++, Java, Python, and electronic simulation. Eager to learn new technologies, develop my skills further and start my career as a Systems Engineer to grow both technically and professionally.

EDUCATION

2022 - present	B.Tech at Geethanjali College of Engineering and Technology	(CGPA: 7.27/10)
2020 - 2022	Intermediate at Narayana Junior College	(Aggregate: 82.3)
2019 - 2020	Class 10th at Sri Nalanda Grammar High School	(CGPA: 8.8/10)

SKILLS

Programming: Basics of C, C++, Java, Python, HTML, Salesforce Apex.

Hardware and Software: Arduino, Raspberry Pi, Sensors, Microcontrollers, Circuit design, Electronic simulation tools.

Soft skills: Adaptability, Time management, Communication, Problem solving, Analytical thinking, Leadership.

PROJECTS

Smart Stop using arduino

[Project Link](#)

Used arduino, ultrasonic sensor to measure distance, lcd to display distance of an object and speed of the wheel, buzzer for alerts.

Removal of noise from audio/speech

[Project Link](#)

Tool: Matlab.

Radiant growth with automatic watering system

Built with arduino, leds for plant growth, soil moisture sensor, and motors for pumping water.

Mini project: Measurement of QoS parameters in 5G across various bandwidths.

CERTIFICATIONS AND ACHIEVEMENTS

- Certified as a Runner up in Design Thinking PBL expo for project Radiant Growth with automatic watering system.
- Internship certificate on PCB Designing in NSIC Hyderabad.
- Internship certificate on ROBOTIC ARM in JNTUH.
- Participated in BBG 48hrs Hackathon conducted by IEEE members.
- Participated in events like Instromania, Alphamatica conducted in our collage.
- Participated in Web development program-2023

EXTRA CIRRICULARS

- Member of ISTE(Indian Society for Technical Education)
- Member of Silicon Labs and ongoing with the project Smart Shoe Navigation using ESP.
- Volunteered in "Electro Thriller" technical event organised by college students assisting in event coordination.
